# Company Profile

Foshan DHK Kitchenware Co. Ltd was established in Feburary 2015. The headquarter, Jiangmen ZhiSheng Automatic Welding Equipment Co. Ltd, a mechanical equipment enterprise, which is specialized in manufacturing stainless steel sinks. With constant innovation & research, the development & improvement over nine years has allowed the company to become the premium supplier of large stainless steel sinks to manufacturers such as FRANKE,HIGOLD and OULIN, and obtained achievementsaccordance.

Foshan DHK kitchenware Co. Ltd has gained much experience from the advantage of producing in such well known enterprise. Combined with the experience of selling & offering mechanical equipment by headquarters, the company has come to sucessfully produce stable production chains from mechanical equipment to stainless steel necessities. Moreover, our company not only can attain to be very efficient with energy conservation, but also can assure the merchandise quality is controlled strictly.

In April 2015, our company had taken lead in investing the first laser equipment and established the fist crew of stainless steel sink to research &development and concentrate on researching stainless steel sink. Recently, our company ought to be continued to invest the second laser equipment to enlarge the production scale in order to promote the premium and noval sink brand. Our company persists in adopting the imported ss304 material to produce sinks. By substantial increase in orders, our company can be better to control every single process of production. The data will be entered into the intelligent system after the stringent control by quality check that capacity and quality can be improved constantly step by step. In addition, the item quality is approved by the market and won fully confident from customers.

DHK has been maintaining the enterprise principle of since it established. DHK goes forward stable, constantly to innovate and maintain techniques in the fierce competitive market. It also expresses our strengthen of techniques and strive to gain more positive feedback, orders and become international well-known sink brand that the customers can enjoy buying and using comfortable.

DHK, to open up endless impossible with wisdom.
